

THE RPL PROCESS

Recognition of Prior Learning (RPL) is a process, which recognises what a student has learnt from life experience, work experience and non-accredited training.

No training is provided when undertaking an RPL pathway.

At Gold Star RPL is identified on a unit by unit basis.

Gap assessment may be undertaken for non-equivalent superseded units.

Credit Transfers should be identified at enrolment, a separate application form is to be completed.

An enrolment plan will be provided to all students once the initial RPL processes are completed.
