- Instalment plans are managed for the duration of training, and provided the schedule is maintained can be continued after completion.
- An application can be made during the enrolment process via your Assessor.
- Fees are charged and invoiced on unit commencement at the prescribed DTWD rate for the calendar year. These invoices are provided monthly and added to the instalment plan balance.
- A monthly account balance is emailed to show progress in payments.
- A minimum of 8 weeks is provided for payment of each unit.
- Any student who falls behind in Fee Instalment Payments will not be eligible to enrol in further units.

Training is an essential part of employment but often the requirement to cover the costs of fees can cause strain on a household budget. If this is the case for you an application to manage your fees via the instalment process might suit.
